COTEX

The Lace Makers

Our success is the result of our in-depth knowledge of the market, unique accumulated experience and the close relationships developed with our clients for over 40 years.

We always bear in mind that, in addition to the quality and innovation of our products, what also sets us apart is our agility and flexibility and the speed at which we design and produce them, undertaking a commitment to keep prices at competitive levels. We are also a European manufacturer that meets the highest standards of ethics and social and environmental responsibility.

Our future depends on our being able to maintain all these competitive advantages and continuing to contribute to fashion as a true expression of the individuality of each woman.

Fernando Cruz, CEO

PRODUCTS

Always attentive to market trends and the current fashion, we create and present new designs in every collection, as a result of a fruitful combination of our creativity and of our more than 40 years of experience.

For those looking for an exclusive, customized product, we know how to work closely with our clients' design teams and stylists, helping to make their ideas and desires a reality. This close and efficient co-creation process quickly creates and produces products that make their proposals stand out and increases the differentiation of their brands and their reputation on the market.

Know more

www.cotex.pt/products

We have in our catalogue more than 350 references of lace with different designs, compositions and sizes.

KNIT LACE

Flexibility

Our lace is woven on 3-metre-wide looms, which allows us to offer a useful product width of between 1.4 m and 2.0 m.

Composition

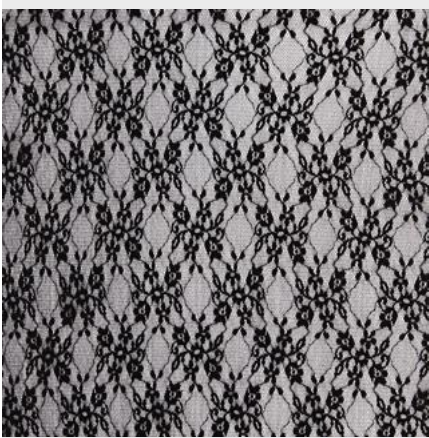

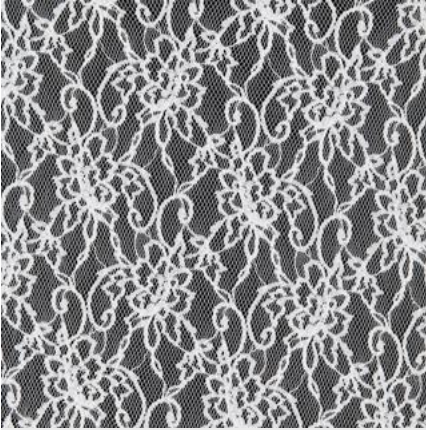

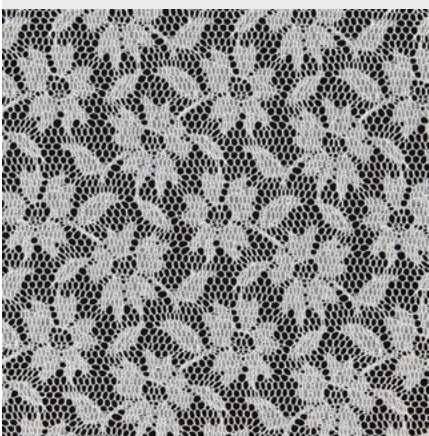

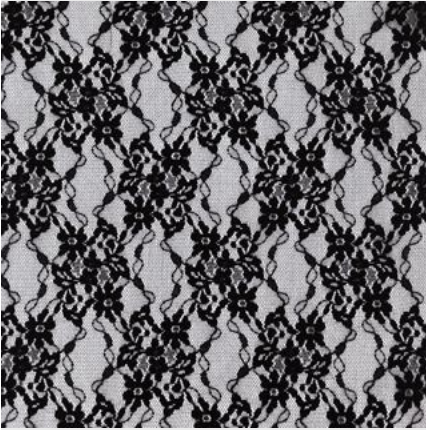

Our lace knit is produced in polyamides, viscose and cotton, with or without LYCRA®.

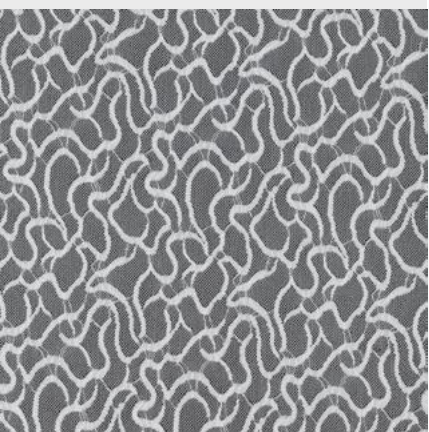

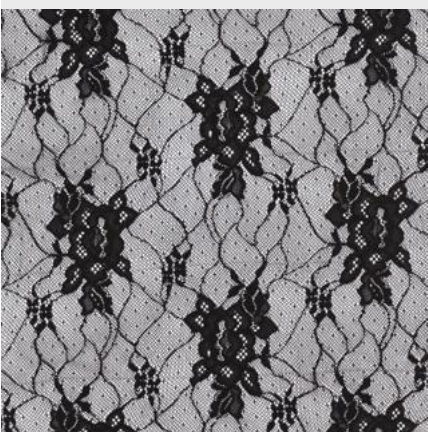

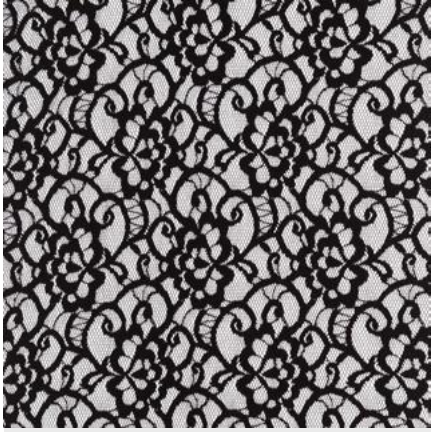

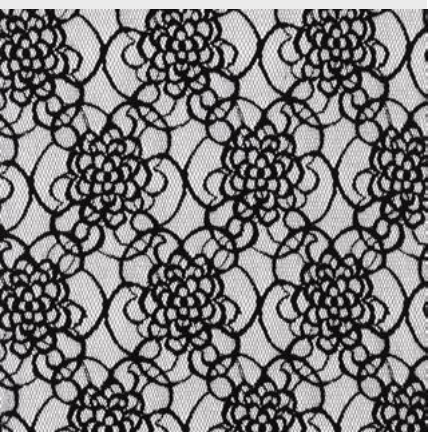

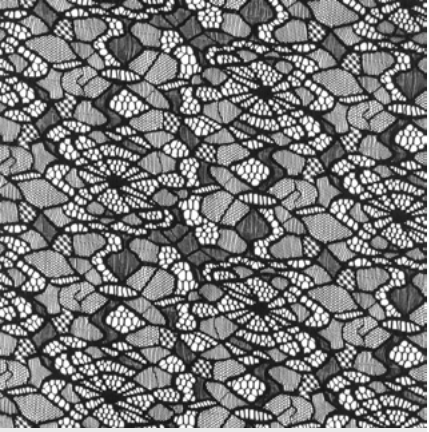

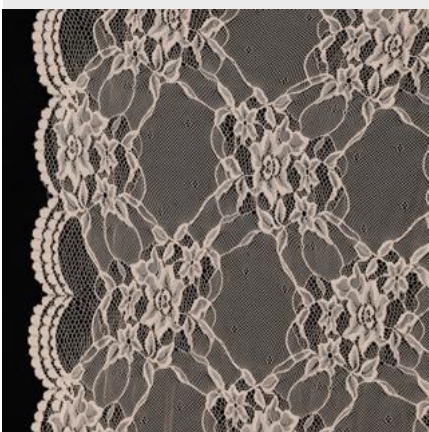

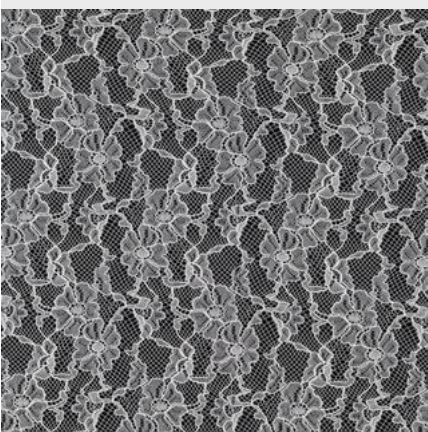

Customization

We produce lace in rigid and elastic knits, from designs with small floral patterns to more complex designs, which can be developed in partnership with our clients.

We have more than 140 references in our catalogue.
